Mrs. Eddy's Sanity To Be Determined

Silence Of Maruyama

Regarding Show Money

Worries Kumeric Hui

AFRAID THEY HAVE LOST \$25,000

"Unless some favorable cable get it the probabilities are that we
advices are received from our
agent, Maruyama, at Vancouver," said
a member of the Japanese local hotel-
keepers, who was interested in the
Kumeric venture, yesterday afternoon,
"we shall take steps to find out what
he is doing with the show money en-
trusted in his care. We advanced the
money with the purpose of making a
few dollars on each emigrant, but
contrary to our expectation the whole
thing went wrong and its effect on
the hotel business in Honolulu is be-
ing felt generally."

"When we entered into the Kumeric
emigration transaction we felt posi-
tive that everything would be all
right, as we had full confidence in
Maruyama and Charlie Chillingworth,
who charted the Kumeric for us, and
while we are awfully sorry on account
of our foolish deal, we are somewhat
more awake today than we were in
the past."

"We are the losers in that Kumeric
transaction and Maruyama and Chilling-
worth were the gainers. Since the
arrival of the Kumeric and the land-
ing of her emigrant passengers at
Vancouver no important cable mes-
sages have been received from Mar-
uyama, who was especially instructed
to cable back here relative to the show
money. The only cable advices we re-
ceived from him were simply in re-
gard to his arrival and the emigrants.
He did, however, mention something
about the employment that some of
them secured in the saw mills and
other factories."

"We are anxiously waiting to hear
from him; but as yet nothing of im-
portance has been received here by
us. There is no one here whom we
could confer with. Chillingworth, the
attorney in the transaction, has also
left the Territory for a better field.
Of course he has made money out of
us and we have derived practically
nothing out of the whole thing. We
can be properly called — fools."

"If we don't hear anything from
Maruyama pretty soon we shall em-
ploy the services of some reliable local
man and send him over to Vancouver
to discover our lost treasure. We are
twenty-four thousand dollars out in
this Kumeric transaction. We want
that amount returned to us right
away, because we put up that sum as
emigrants' show money. If we can't

LOCKWOOD IS
FOUND GUILTYConductor Is Fined For
Hitting Japanese
Passenger

The case of W. F. Lockwood, the
Rapid Transit car conductor who was
charged with assault and battery of a
Japanese named Hoge, came up in the
police court this morning. The prose-
cution was conducted by D. L. With-
ington, the attorney of the Rapid
Transit Co., while A. S. Humphreys
appeared for the defendant, who was
found guilty and was sentenced to pay
a fine of \$20 and costs. The case has
been watched with great interest by
the employees of the company, who
quite naturally sympathize with their
comrade, who is, however, now no
longer employed by the company.

The complaining witness stated on
the stand that the conductor had
asked him for his fare twice as he
was taking a trip from the Iron
Works to the Emma street terminus
of the Alakea street line. He told him
that he already paid his fare and in
proof thereof he produced a transfer
which Lockwood had given him. Lock-
wood then asked him if he wanted
to fight. Hoge declined the invita-
tion, whereupon the conductor
struck him in the eye. The Japanese
covered his eyes with his hands, but
Lockwood hit him again on the nose.
The transfer referred to was intro-
duced in evidence.

E. G. Ferreira, the attorney, was
the next witness. He had been stand-
ing near the side entrance of the Ha-
waiian Hotel and had seen the fray
from this point. He saw Lockwood
hit the Japanese three times.

Kokawa, a Japanese passenger on
the same car, testified, corroborating
the statement of the complaining wit-
ness in the main particulars.

ONLY JUDD REMAINS
ON TAX COMMISSION

Justice Wilder of the Supreme
Court this morning handed in to Gov-
ernor Frear his resignation as a mem-
ber of the Tax Commission. This
leaves only one man on the Board
now, Frear having tendered his resig-
nation when he was notified of his
appointment as Governor. Albert F.
Judd is the remaining member. Gov-
ernor Frear stated this morning that
he had not yet made any appoint-
ments to fill the vacancies.

The Tax Commission was appointed
in accordance with an act of the last
Legislature to examine the tax laws
and make suggestions for their revision.

FEAR TO TACKLE
NUANU DAM MATTERWill Consider Question
Of Issuing Bonds For
Completing Work

One of the first matters that will
be taken up by Governor Frear as
soon as he gets the loose ends gath-
ered up will be that of the Nuuanu
dam.

Although work is still going for-
ward on this dam, the money for its
construction is about exhausted and
unless more is provided soon the con-
struction of the big project will have
to stop.

The Legislature at the last session
passed an act authorizing a bond is-
sue to provide funds for the comple-
tion of the dam, and for some other
projects. The estimated amount re-
quired to finish the big reservoir is
about \$131,000.

But Carter refused to allow the
bonds to be issued, declaring that he
didn't care what happened after he
got out of office, but no indebtedness
was to be placed upon the Territory
during his administration, no matter
what the results. As a consequence,
the dam money is about used up and
there is no more in sight.

Governor Frear stated this morn-
ing that the matter of the Nuuanu
dam will be one of the first that he
will take up and that he will look
into this as soon as possible, probably
within a few days.

There are several other phases of
the Nuuanu dam matter to be consid-
ered. As was stated a few days ago,
the Auditor has held up the payrolls
of the Makiki dam and the salary of
one of the engineers of the Nuuanu
dam on account of the fact that, in

SENATORS HAVE
KICK AT CARTERWere Not Invited, They
Say, Because Of
Spite

The matter of the invitations which
were sent out to a favored few to at-
tend the inauguration exercises at the
Capitol yesterday caused considerable
adverse comment on the streets yester-
day and today. It was pointed out,
for instance, that the existence of the
County had been absolutely ignored,
no Supervisors or other officers there-
of having been favored with invita-
tions.

The strongest kick comes, however,
from the members of the Senate and
the House, who were left in the cold
when they thought they should have
been right in it. They believe that
Carter had them left out of personal
spite.

"The mere reservation of seats for
the invited guests was the cause of
trouble," said one of the Senators of
the Territory. "Had there been no
publication and reservation of seats
for some of the invited guests, there
would have been no expression of dis-
approval of the matter. Some of
those who were invited have no pre-
sent official standing in the commu-
nity. Still F. M. Hatch was there."

"Whoever made the arrangement
certainly ignored and insulted the re-
presentatives of the people. Many Sen-
ators and members of the Legisla-
ture were not invited, and naturally
and rightly, too, they were angry and
disappointed with the whole arrange-
ment. Carter, the Governor, ought to
have taken us into his consideration,
but instead he has thrown us down. I
believe that was his last kick at us."

"Why didn't you go yesterday and
capture one of the seats for yourself?"
asked the reporter of another angry
Senator.

these meetings.
